9) Verify ID:

The image shows a mobile application interface for 'Verify ID'. At the top, there is a header bar with 'Item' on the left, 'RedEye' in the center, and 'Back' on the right. Below the header, there are two labels: '<Driver ID>' and '<VID>'. The main content area contains a list of five 'NUID' labels, each followed by a white rectangular input field. At the bottom of the screen, there is a red button labeled 'Compute Route'.

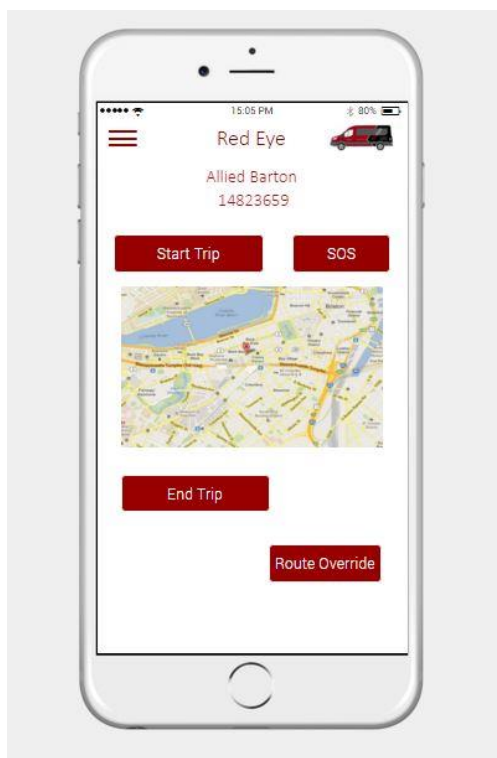

10) Route Map:

The image shows a mobile application interface for 'Route Map'. At the top, there is a header bar with 'Item 1' on the left, 'RedEye' in the center, and 'Back' on the right. Below the header, there are two labels: '<Driver ID>' and '<VID>'. The main content area contains a large white rectangular box with the text 'Map with stand points' centered inside. At the bottom of the screen, there is a red button labeled 'Request Approval'.
